CHARLES A. REESER'S

Wholesale Price List

—FOR—

SUMMER OF 1889.

To The Trade.

I HERE hand you my TRADE LIST FOR SUMMER OF 1889, and think that on being carefully looked over, my extremely low prices will make it to your advantage to favor me with an order.

No orders at these Wholesale Prices will be filled in less amount than \$3.00.

The Plants named are offered at the rate quoted, provided that **not less than Five** of each variety is taken.

How Sent—All plants will be forwarded by Express unless otherwise ordered. We have offices in our city of the Adams, American, Baltimore and Ohio, Erie, United States, and Wells, Fargo & Co. Close connection is made with the Southern Express at Cincinnati. Having these rival Companies, the lowest possible rates can be had to all points. Please say by which of these lines we are to ship your goods. I make no charge for baskets, boxes, or packing.

Mail—If plants are desired shipped by mail one-fifth additional must be added to cover postage.

Safe Arrival Guaranteed—I guarantee safe carriage at all seasons; no danger from frost or heat. When desired, I can ship with **BALLS ON** without extra charge.

Terms—My terms are **CASH WITH THE ORDER**. At the low prices quoted, I cannot afford to run any risks. I guarantee satisfaction, and add liberally to offset Express charges, cost of remittance, etc. Remittances by Postal Order, Bank Draft, or Registered Letter are at my risk.

C. O. D.—Orders C. O. D. must have one-fourth enclosed in Cash.

ADDRESS,

CHARLES A. REESER,

INNISFALLEN GREENHOUSES,

SPRINGFIELD, OHIO.

EVER-BLOOMING ROSES.

IN THE FOLLOWING LIST of Ever-Blooming Roses, purchaser's selection of varieties will be given, but not an excess of any one variety. We are usually able to give customers just what they call for; but a little latitude must be granted us in the proportion given in order that particular varieties may not become exhausted. **Not less than Ten or more than Twenty sorts** will be given in each one hundred, at the prices here named; if you wish a quantity of some special sort write for quotations.

We never substitute, unless so ordered; but if, as sometimes happens, one variety called for has become exhausted, the number of plants in that variety are divided among the other varieties ordered, so that the order may be filled in full.

Price, Purchaser's Choice, \$3.50 per 100, \$30.00 per 1,000. No order for less than one hundred Roses accepted at this very low price.

THE SET OF 9 CHOICE NEW SORTS FOR ONLY \$1.00.

GERANIUM BRUANT.

GERANIUM "BRUANT," THE GIANT AMONG GERANIUMS.

This magnificent Geranium is the product of M. Bruant of Poitiers, and is the beginning of a new and distinct habited section in the Zonale family. It is very difficult to describe the difference between this type and the ordinary Zonale, but the distinction can be seen at a glance when Bruant is seen growing beside the older sorts of the same family. The leafage is round and nicely zoned, having greater substance and heavier texture than even the most vigorous of the old type. Color of the flower is light vermillion red of a most pleasing shade. The flowers are absolutely perfect in shape, color and makeup, trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. It does finely in the open ground, and is perfectly reliable as a bedding Geranium of the highest merit. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. Fine also in pots.

Try a dozen or more of this beautiful Geranium in a bed or clump and it will delight you the summer through with its handsome foliage and pleasing color.

5 CENTS EACH; \$4.00 PER 100.

Splendid Double Geraniums.

NEW DOUBLE WHITE GERANIUM, LA FAVORITE.

Baronne de Layres—Trusses very large, florets large and semi-double, very pure white. A first class white, raised by Bruant.

Bolide—Medium sized trusses of good sized florets, yellowish orange, plant of free growing habit.

Crepuscule—Another fine Geranium, raised by Bruant. Trusses large and freely produced, dark purplish crimson marked at the center with capucine red. The best of the color.

Deruchette—Plant dwarf, short-jointed and very free, producing large trusses of a very clear beautiful pearly rose color. One of the most distinct and desirable.

Geoffroy St. Hilaire—Flowers and trusses very large, semi-double, plant very free and of splendid habit, dark cerise red shaded with violet and orange, on the style of the old variety, "Dr. Kirtland." A very fine and beautiful variety.

L. Contable—Plant of perfect habit, very free, large full double flowers of a beautiful bright rose color. An extra fine and beautiful variety, raised by Rosain.

M. Press—Enormous trusses of large well-formed flowers, rosy salmon brightened carmine, habit perfect.

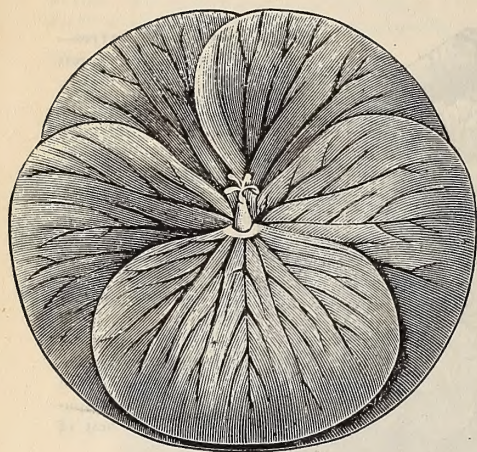

La Favorite—Trusses very large and of the most perfect formed florets, of the very purest snow white in color. Raised by M. Lemoine, and is by far the finest double white we have seen. 25 cents each.

M. Jovis—Another fine variety raised by M. Lemoine. Trusses of immense size borne on strong foot stalks, large semi-double florets, very bright salmon flesh color at the center, bordered with creamy white, plant of very free blooming habit.

M. Caro—Flowers and trusses very large, petals imbricated, beautiful silvery lilac rose.

PRICE, 15 CENTS EACH, EXCEPT WHERE NOTED. WILL SEND THE SET OF 10 FOR \$1.00.

Novelties in Single Geraniums.

Balmont freres—Very large trusses of the most perfect formed florets, salmon flesh color with large white center, upper petals marked with brilliant carmine, plant dwarf and very free. Extra fine.

Fulminant—Large finely formed truss of the most brilliant crimson with a very distinct white eye. Raised by Hoste and one of the best Geraniums of its class ever sent out.

M. Janssen—Very bright rose, base of upper petals marked white, large trusses of well formed florets.

Leon Perrault—A grand bedding variety raised by Bruant. Enormous trusses of brilliant scarlet of the most dazzling shade.

L. Virissel—Salmon flesh color brightened with vermilion at the center, very large trusses of the most perfect form, plant of very free blooming habit. Very fine.

M. Alfred Mame—Another fine bedding variety. Florets very large and of a very bright red color, the trusses are of extraordinary size and freely produced, the habit of the plant is strong like the double variety, "Bruant." Greatly admired by all who have seen it in bloom at our place during the past season.

Lumiere Electrique—A magnificent variety raised by M. Lemoine and a great improvement on the now favorite variety, "Arc-en-Ciel." One of the freest blooming Geraniums known, trusses of very large size and most perfect in form, color very rich crimson surrounded with orange, upper petals shaded with flaming orange. We can recommend this Geranium as one of the best of the year.

Victorien Sardou—Violet currant color, upper trusses marked very distinctly with capucine, trusses very large, florets large and of fine form. The best we have ever seen on the style of "Dr. Denny," being a good grower and free bloomer.

Perle—Trusses large and of very perfect form, pure snowy white, purer in color than the variety "Queen of the Belgians," and of still freer blooming habit. A grand white that should be grown by every Geranium grower. Raised by M. Lemoine.

Renaissance—Grayish rose with white center, upper petals flamed with orange, plant of splendid habit, freely bearing trusses of perfect form and large size, distinct and fine.

Trophee—Trusses of the largest size, very pretty rosy flesh tinted at the center with lilac changing to dark lilac, of a very novel color. A fine variety all should have.

PRICE, 15 CENTS EACH, OR THE SET OF 11 FINE SORTS FOR \$1.10.
